SUNDAY FISHERMAN HOOKED BY DEATH

Eight Drowned When Boats Heeled Over.

WAVES WASHED THEM TO DOOM

One by One Victims Were Forced to Let Go the Capsized Craft—Life-Saving Crew Succeeded In Rescuing Several Men.

Anglesea, N. J., July 31.—Two yachts coming in from the fishing banks capsized on Hereford Inlet bar, off here Sunday, eight persons lost their lives.

There were 32 persons on one yacht of whom seven were lost, and 12 on the other, all of whom but one were saved. That no more fell victims to the rough sea was due to the heroism of Captain Ludlam, of the Herford inlet life-saving station and a crew of five men. It was at first thought that from fourteen to twenty-eight persons had been lost, but after an investigation the coroner tonight stated that he believed only eight were lost.

One of the survivors of the Nora said that had it not been for the prompt assistance of Captain Ludlam and his crew every person on board would probably have been drowned. He said that when the Nora overturned it was everybody for himself.

There was a great tangle of fishing lines and nets and it was no doubt due to this that so many were unable to reach the capsized boat.

Captain Ludlam is the hero of Five Mile Beach. On all sides he is being congratulated for his prompt work, and no greetings were more hearty than those of Mayor Weaver, of Philadelphia, who is spending a few days at Wildwood and who came up the beach to see the rescue.

Anglesea is one of the favorite fishing places along the southern New Jersey coast, and has seldom had a busier Sunday. Every excursion train from Philadelphia and other nearby points came down crowded with visitors, most of whom intended spending the day in fishing. The weather in the morning was ideal, and all the fishing boats took out large crowds to the fishing banks. After noon, however, a brisk breeze sprung up and the captains of the small craft hoisted sail and started for home. Most of he fleet got in without mishap, although some of them had considerable difficulty in clearing the Herford bar.

"I've Got You," He Said.

New York, July 31.—Joseph Adams, 20 years of age, who shot and killed his cousin, Henry Schmitzler, in front of the latter's home in Richmond Hill, Queens Borough, surrendered to the police and set up a plea of self defense. Adams claims Schmitzler had been sending Mrs Adams annoying postal cards, and had been damaging Mrs. Adams' character. Mr Adams went to his cousin's home and, after listening outside the parlor window for some time, suddenly threw open the shutters and exclaimed: "I heard what you said and I have got you now." Henry Schmitzler and a brother rushed out of the house, Adams claims, and were making for him when he drew his revolver and fired.

Issues Temporary Injunction.

Washington, July 31.—On the application of the United States attorney, District of Columbia, made several days ago, Justice Gould in equity court Monday directed that a temporary injunction issued against the secretary of the treasury to prevent the payment on 25 $1,000 bonds presented by Henry Clews & Co. The government reported that these bonds, which were two years overdue, were offered by Henry Clews & Co. for Anson M. Bangs, who, it is said, was some way connected with the transactions of J. F. and William T. Gaynor, for one of whom was convicted with Hon. Jamin D. Greene, at Savannah, Ga., of conspiracy to defraud the government in connection with river and harbor contracts.

HARD WHACKS FOR VARDAMAN

Senator McLaurin Denounces Governor of Mississippi.

Jackson, Miss., July 31.—United States Senator McLaurin has given out a reply to an interview of Governor Vardeman's, in which Senator McLaurin and other members of his family were criticised. He says:

"Governor Vardaman is so inordinately vain that he can't pass a newspaperman without stopping to get himself interviewed. His screed was an unprovoked as it was vicious. His abuse of me does not have even the merit of novelty, dating back to 1894, when he thought he was a candidate for governor. His insincerity is glaringly patent in his reference to bossism.

"It appears to me as if Governor Vardaman has pretended on this groundless occasion to abuse me in the expectation that it would attract my enemies to him, a disgusting appeal to a contemptible motive."

KISSES WIFE THEN SUICIDES.

K. S. Duncan Commits Suicide in Valdosta Park.

Valdosta, Ga., July 31. K. S. Duncan, formerly a saloonist in this city, was found dead in the woods near Cranford park Sunday afternoon at 1 o'clock. Lying near the body was a partly emptied bottle of morphine and this, together with the other circumstances, lead to the belief that he committed suicide.

Duncan had been drinking heavily for a week or more and Saturday afternoon kissed his wife goodbye, and told her she would never see him again alive.

He then boarded a car for the park and is supposed to have taken the poison soon after he reached there. He had made numerous threats previously to kill himself, and on that account his wife did not attach much importance to his words when he left her. He had been dead ten or twelve hours when found.

Shortage Charged to Mayor.

Paterson, N. J., July 31.—Former Mayor Belcher of this city, who has been wanted for some time for an alleged shortage, returned here Sunday and gave himself up. He was forced to take this step by his poverty. Belcher has not been out of the country in spite of rumors that he was in the Hawaiian islands and China. Since his disappearance, he has wandered about the country, obtaining employment where and when he could, and was finally forced by stress of circumstances to return to the city, where he once had friends. Belcher has been missing since Aug. 1, 1905. He was charged with having obtained $20,000 by fraudulent representations and with taking $5,000 from a local company of which he was president.

Report Is Satisfactory.

Ottawa, July 31.—When Sidney Fisher, of the department of agriculture asked his department to report on the conditions of the canning establishments and slaughter houses, he also arranged to have an analysis made of canned goods as offered for sale throughout the dominion. The report of the department of agriculture is not yet completed, but the analysis by the chief analyst, Thomas B. McFarland, is finished. McFarland in his report says that 322 samples were collected throughout Canada and were analyzed. This included samples from the United States as well as Canada packed meats. In only four samples of the 322 were found any evidence of decomposition. The report is, therefore, highly satisfactory.

Dead Man Weighed 460 Pounds.

Chicago, July 31.—A dispatch from Anderson, Ind., says that 5,000 were attracted to Anderson cemetery Sunday by the burial of Joseph Rodecap, a farmer, and the heaviest man in Madison county. Mr Rodecap weighed 460 pounds. His coffin was 3 feet wide, 28 inches deep, and 7 feet long.

British Steamer in Collision.

Flushing, Belgium, July 31.—The British steamer, Montezuma, for Montreal, has been badly damaged in a collision near West Hinder with the steamer Kilgore (Dark) which sank. There were no lives lost.

APPEARS IN HOME AS FROM GRAVE

Pittman Returns After Absence of Forty Years.

HAPPY WITH WIFE IN BARTOW

Pittman Was Confined in New York Prison and Killed Federal Colonel, Who Flogged Him—Was Condemned to Death, but Sentence Commuted.

Cartersville, Ga., July 31. If one had risen from the dead it would probably have caused no more amazement than that with which a little family living on the farm of Mrs. Arthur Davis, 8 miles from Cartersville were overcome when Anderson P. Pittman, aged and gray appeared in their midst as a missed relation who was supposed to have been long since dead. The home was that of Mrs. James Smith, who was originally a Miss Whitecotton. Mrs. Smith's mother lives with her.

Anderson Pittman, who proved to be a modren Enoch Arden, after entering the home and laying down a staff and small budget which he had carried on his shoulder in a walk out from Cartersville, wiped the perspiration from his brow and accosted the young matron with:

"Do you have any affluence in your home?"

"No, but why do you ask?" was the woman's reply.

"Why, I'm sortof a traveling doctor, and thought I might be of service if some one were sick." With a nervous impatience the old man dropped his ruse for a surprise, and said:

"Where is your mother?"

The young woman replied:

"She's in the other room."

"Tell her to come here," he said, and on her appearance he approached her and held out his hand, saying, "Howdy, Rushia."

When the elderly woman pulled slighly away, he added:

"Don't be frightened, this is your husband."

The scene as they embraced as long separated husband and wife, was one that Mrs. Smith, the only eye-witness, will never forget.

The story is one of intense interest and probably has not a parallel in Georgia annals. Anderson Pittman married Jerusha Ballew in Habersham county just before the civil war. One child was born to them, a daughter, who is the mother of a good-sized family, residing in Alabama. When his daughter was a babe Pittman entered the confederate army as a member of Captain John Porter's company, in the Thirty-fourth Georgia infantry. According to his story, Pittman was captured by the Twenty-fifth New York cavalry on Sept. 17, in Wood county, Virginia. He was carried north and remained in a New York prison till the close of the war. While a prisoner he was ordered by a colonel named Sanford to open a gate. He started to his task when the officer told him to run. Finding that he moved no faster at the command, the officer advanced and began to flog him. At this Pittman remonstrated and told the officer unless he desisted he would kill him. The officer said, "You have no weapon." At this Pittman pulled a six-shooter from his bootleg, and shot the officer several times, the wounds proving fatal.

Pittman was tried by military court-martial and ordered shot, but having made friends of some of the officials among the guard, they interceded in his behalf and managed to get his punishment shifted to that of a life sentence in prison. He remained in prison 39 years and six months and then got a release. He went to Texas, where he had some relatives, and stayed a short while, then began the work of hunting up his family, which he said he had little hope of finding, as he had written scores of letters while in prison, to which he received no answer, presuming they were intercepted. He went last week to Habersham county and began inquiry of his wife's relatives and learned that the last known of the family was that they had moved years ago to Bartow county. That during his absence his wife, supposing him dead, had married Benton Whitecotton, who had been killed in a fight with revenue officers in the mountains of northeast Georgia.

As above stated, the wife was found in her widowhood at the home of her daughter, who was a daughter of Mr. Whitecotton. Old man Pittman is 83 years of age, his wife is probably ten years younger. They both look spry for their age.

DEADLY WORK BY BOY.

Kills One Man and Fatally Wounds Woman and Another Man.

Pittsburg, July 31.—As the result of a mysterious shooting near Dravosburg, Pa., one man is dead, a young woman may die and a second man is in a serious condition.

The dead man is James Palmer, aged 28 years; Katherine McCluskey, aged 28 years, was shot through the right lung; and William Mullen, aged 23 years, wounded in both legs.

The parties are reticent as to the affray, but it is believed to have followed a quarrel in a camp on the Youghiogheny river.

The mystery was cleared up by a confession of Michael Cisko, an 18 year-old boy, who walked into the McKeesport police station and gave himself up.

Cisko said he shot the two men and the woman, but did it in self-defense, after he had been robbed and thrown into the river. He was locked up pending an investigation.

Debs in Bloody Mood

St. Louis, July 31.—Eugene V. Debs, former presidential candidate on the socialist ticket, in a speech at Riverside park, advised workingmen to free Charles Moyer, W. D. Haywood and G. A. Pettibone, the three Denver miners confined in jail in Idaho, at any cost. "More than a million working men in the United States will rise up and demand that these men be liberated," said Mr. Debs. "I will be at the head of this million to assist in liberating them by bloodshed if necessary, but peacebly if possible." The occasion for the speech by Debs was a meeting of the Moyer-Haywood defense organization of St. Louis.

Preacher Talks to Harry Thaw.

New York, July 31.—Harry Thaw spent a quiet day in the Toombs Sunday. He had two callers, a man and a woman, both fashionably dressed, who refused to give their names, but said they were stopping at a hotel here. The prisoner did not see them, as they had no special passes. Thaw had the freedom of the corridor on the tier in which his cell is located, all through the day. In the morning he attended services conducted by the Rev. Dr. Sanderson, of the Methodist church. After the service Mr. Sanderson spent an hour with Thaw.

Dives in Sport to His Death.

Carrollton, Ga., July 31.—The 16 year-old son of W. F. Fullilove, who resides 3 miles west of this place, was accidentally drowned. He, in company with a number of other boys, had gone to a swimming hole on Puck creek to go in swimming. Young Fullilove plunged into the water head foremost and his head struck a hidden rock in the bottom of the creek, and his head was fractured and his neck broken. He died instantly. His body was recovered by the companions who were with him.

Negro Uses Kitchen Knife.

Danville, Va., July 31.—Barbara Lee Albright, a negress, was stabbed to death at her home by John Green, also a negro. Green had been drinking. He plunged a kitchen knife many times in the woman's body and then chased two other women, eye-witnesses to the tragedy, out of the house. He was arrested two hours later and practically confessed the crime.

Norwegian Steamer Ashore.

Halifax, N. S., July 31.—Driven 9 miles out of her course by a strong westerly current, the Norwegian steamer, Bore, bound from Lemleburg for Yarmouth, with 900 tons of coal, ran ashore on Port Mouotain Island, near Liverpool, this province, and probably will be a total loss.

TWO SPECIAL ORDERS BEFORE LOWER HOUSE

After Measures are Disposed of, Constitutional Amendments

MAY THEN BE FULLY DISCUSSED

After Adjournment on Wednesday President West, of Senate, and Speaker Slaton, of the House, Will Give Barbecue at Cold Springs.

Atlanta, July 31.—The house of representatives had two special orders to commence the week with, after which it will either have to take up the calendar or provide other special orders. It is probable that another attempt will be made to obtain early consideration of several important bills, both house and senate measures, involving amendments to the constitution. Inasmuch as the constitution provides that any amendment to that instrument must be advertised for two months prior to the general election at which the proposed amendment shall be submitted to the people for ratification, it will be tantamount to killing bills of this character should they not be taken up and acted upon by the house and senate by Friday, Aug. 3, the general election occurring on Wednesday, Oct. 3, just two months from that date.

Among the bills of this character, which the house refused to make special orders of on Friday, when the resolution in regard thereto were voted down separtely, are the following:

By Mr. Kelly, of Glascock, to amend the constitution relative to the education of the races; by Mr. Smith, of Greene, to amend constitution relative to farm produce; by Mr. Richardson, of Houston, to amend constitution so as to increase representation in the senate from 44 to 75 members; by Mr. Perry, of Hall, to abolish the office of railroad commissioner and create a board of five commissioners of corporations; by Mr. Williams of Laurens, to increase the per diem of legislators from $4 to $7, and the speaker of the house and president of the senate from $7 to $10, the use of free railroad passes and franks being prohibited upon the increase of the per diem. Resolutions to make the following senate bills, involving constitutional amendments, were also defeated. By Senator Westbrook, to create the office of lieutenant governor, and three companion bills amending the code so as to harmonize with the purposes of the bill.

The first business of Monday's session was the consideration of the bill of Mr. Galloway of Walton, to amend the constitution so as to provide a pension for every widow of a confederate soldier who married her soldier husband prior to Jan. 1, 1879. The bill was made a special order for Friday, and it came up for consideration at the afternoon session of that day, but inasmuch as it required a constitutional majority of 117 votes to pass it, and the Friday afternoon exodus of members had commenced, the house adjourned in order to preserve the status of the bill as a special order. An amendment to the bill has been proposed by Mr. Whitley, of Douglas, to extend the provisions of the bill to widows who married prior to January, 1879. It is probable that this bill will consume the greater part of the morning session, after which the senate bill increasing the amount for clerical assistance in the office of the comptroller general from $4,000 to $6,000 will be taken up, having been made a special order on Friday.

Trunk Manufactory Burns.

Nashville, July 31.—The Hill Trunk company's plant here, one of the largest in the south, was totally gutted by fire Monday morning. The loss is not given, but is heavy. The loss is well covered by insurance.

No Truth in Rumor.

St. Petersburg, July 31.—The rumor in circulation that General Trepoff had been assassinated turns out to be as baseless as the report to the same effect which was current early last week.

ACCIDENTAL SHOOTING NEAR FOREST GROVE

Neil Wilson, White, Received Bullet in His Right Side.

WAS SHOT BY A COMPANION

Wilson and John Price Were Walking Along Road Together When Price's Pistol, Which He Held in His Hand, Was Discharged—A Painful Injury.

Information has just reached this city of a most serious accident which occurred at Forest Grove, a small settlement near High Springs, a day or two recently, in which Neil Wilson, a fifteen-year-old boy, son of Mr and Mrs. Frank Wilson, was seriously wounded by John Price, a companion about the same age.

From the best information that could be obtained it appears that the two boys were walking along the road, near the home of Wilson. The Price boy held in his hand a 32 caliber pistol, and was swinging his arm, when the weapon suddenly exploded. The ball entered young Wilson's right side, lodging in the liver, and from which the victim bled profusely. With the assistance of his companion, however, he managed to reach his home, when physicians were summoned. They were unsuccessful in securing the ball, but state that the wound is not necessarily fatal if proper attention is given to the patient.

Wilson was resting easily at last accounts.

Prospective damage is thus saved to the proprietor and safe limbs assured to the occupants.

Ways of Scotch Justice.

One often hears comments passed upon the administration of the law by local magistrates, but while it may sometimes leave a little to be desired it is not so glaringly crude as it often was in earlier times.

It is on record that the Montrose bailie, after hearing the evidence in a breach of the peace case, fined both the accused and all the witnesses "half a croon."

The witnesses naturally resented this decision, but the bailie, with his mind made up, refused to budge from the position he had taken up and defended it with the remark:

"It disna matter; he had nae business there. Half a croon apaice."

The same bailie was trying another case in which a difficulty arose regarding the nonappearance of a witness. The court was informed that the witness was defunct. The magistrate, who was a self made and highly successful business man and who had gained elevation to the bench solely on account of his command of "siller," had never heard that particular form applied to death and, thinking it was a legal phrase, called out in commanding tones, "Bring forward the defunct!" which brought down the house.—Dundee Advertiser.

Vamp Horns.

"This is a vamp horn," said the antiquary. "The price is $40."

The horn, very old and weather beaten, was over six feet long—long and straight, like a coaching horn.

"What was it used for?" the reporter asked.

"It was used to call the people to church on Sunday mornings," said the antiquary. "In the olden times church bells weren't as common as they are today. They were so expensive that only the richest churches could afford them. The poorer churches used vamp horns instead.

"Every Sunday morning the sexton of the average poor church 200 years ago stood on the church porch with a six foot vamp horn at his lips summoning the people to worship with hoarse blares.

"There are about two dozen vamp horns floating about the country. Their ecclesiastical connection makes them valuable to antiquaries."

S.S.S. PURELY VEGETABLE

The fact that S. S. S. is a purely vegetable preparation, containing not the slightest trace of mineral in any form, has been one of the strongest points in its favor during its forty years of existence. It is recognized everywhere not only as the best of all blood purifiers, but the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family. Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment. Medicines containing mercury, potash or other strong mineral ingredients often do permanent injury by eating out the delicate lining and tissues of the stomach, producing chronic dyspepsia, unfavorably affecting the bowels and so damaging the system that even if the original cause of the disease has been removed, it is left in such a deranged and weakened condition that the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral property in some form. Being made entirely of roots, herbs and barks it is absolutely harmless to any part of the system, and while curing disease adds strength and health to every part of the body. S. S. S. removes all poisons, freshens and purifies the blood and gives better and more lasting results than any other blood medicine. S. S. S. is the very best treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all troubles due to an impure or poisoned blood supply. Besides being the King of blood purifiers S. S. S. is the best and most invigorating of all tonics.

BIG BARBECUE TODAY AT BURNETT'S LAKE

Cotton Growers' Association Will Entertain at Big Barbecue.

LARGE CROWD IS EXPECTED

Cotton Growers' Associations from All Over Florida Have Been Invited, and Many Clever Things Will be Said Which Will Benefit the Grower.

A big time is expected at Burnett's Lake, near Alachua, today, the occasion being a big barbecue and gathering, which will be held under the auspices of the Alachua County Cotton Growers' Association, of which Judge J. S. Dupuis is president and E. B. Lewis is secretary.

This gathering is called for the purpose of discussing evrything of interest to the cotton grower, from the time the seed is placed in the ground until the fleecy staple has been ginned and is ready for the market. There will be many discussions, all of which are destined to enlighten and benefit those most directly interested.

Every cotton growers' association in the State is invited, so that the general views may be explained. There will be many talks along the line of the culture, care and marketing of cotton which are bound to prove of profit to those who hear them.

Not only the cotton growers, but the public generally is invited to this function. The committee of arrangements have secured an abundance of beef, mutton and pork which, together with the good things which the ladies will bring, will afford enough to eat for a small army.

Parties from Gainesville desiring to attend this barbecue may leave here at 11:15 a. m. on the High Springs train, which will place them at Burnett's Lake about 12 o'clock. Returning on the same train, they may leave Burnett's Lake about 2:30 this afternoon, affording more than two hours at that resort.

LABORERS ARE WANTED.

White and Colored—Employment For as Many as Will Apply.

The Florida East Coast Railway Company will pay $1.25 per day and board, or $1.50 per day straight, for general work on construction. Transportation furnished. Will leave Gainesville every Wednesday and Saturday. For information apply to John Gillette, 117 West Union street, next door to Dr. Ayer.

MR. M'RAE TO MACON.

Has Accepted a Position on City Department of Macon Telegraph.

T. Julian McRae, Jr., who for the past two or three years has been in this city, has accepted a position on the city editorial staff of The Macon Telegraph, and expects to leave tomorrow for the Georgia city. He will stop at Valdosta, where he will be present at and report the hanging of "Old Man" Rawlings and his sons on Friday, for the murder of the Carter children, a case which has gained a national reputation. He will report the hanging upon his arrival at Macon.

Mr. McRae is regarded as an extraordinarily bright young newspaper man. He has been connected with The Telegraph before, and was also correspondent of the Atlanta papers. His manner of writing is smooth and palatable, and his work in this direction was highly appreciated.

While Mr. McRae's friends here regret very much to lose him, they will nevertheless wish him much success in again taking up journalistic work.

Mr. Robertson to Wed.

Announcement in the form of an invitation of the approaching marriage of Charles Sidney Robertson and Miss Lulu Ulmer, daughter of Mr. and Mrs. Preston B. Bird, Monticello, has been sent out. This ceremony will be performed at Monticello on August 15, and it is unnecessary to add that it will be one of the social functions of the season for that society town.

The prospective groom is the son of Hon. W. H. Robertson, county treasurer, and one of the most widely known citizens in the county. Miss Bird is a young lady well known in Jefferson county, being a member of one of the first families of West Florida.

The Sun, with other friends, joins in extending congratulations in advance.

Moved to Washington.

Mr. and Mrs. J. T. Jones and three children of Rocky Point were in the city for a few hours Tuesday.

Mr. Jones has been engaged in trucking at Rocky Point for the past two years, but recently sold his place, consisting of nineteen acres, to G. L. Thompson. He has decided to remove his family to his old home, Washington, D. C., but may return to Florida as a representative of a commission house which has offered him a position.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by W. M. Johnson.

Seaboard Parlor Cars.

The Seaboard Air Line operates buffet parlor cars between Waldo and Tampa on train leaving Waldo that connects with the morning train from Gainesville.

Republican bluff works first rate in political matters, sometimes, but somehow it does not seem to "make the dirt fly" at Panama.

Wouldn't it be well to inquire whether there is an unlawful agreement between the ice trust and the coffin trust by which the latter gives the former some part of its enormous profits, resulting from the scarcity and high prices of ice?

The Maryland terrapin trust has had a bad jolt in Pennsylvania, where the attorney-general has decided that snapping turtle is not terrapin. Thus is public opinion, even that trust ridden State, compelling Republicans to discover that trusts exist.

The Republican brethren do not seem to dwell together in unity these days. They are talking of calling out the troops to preserve order at the Iowa Republican convention. Let the squabbles continue, and honest Democrats will get their dues.

Secretary Taft's idea seems to be that the Southern Republicans are a bad lot, figeting for spoils, but still the Democrats of the South should vote the Republican ticket. The Republicans will have to offer a greater inducement than a chance for the Democrats to reform the Republican party in the Southern States, or it will be a long time before they accept Taft's advice.

Senator Lodge called it "unimportant" giving testimony before the grand jury in the case against his private secretary for the larceny of money paid for the Republican campaign fund. The voters, however, may view the matter as important enough to defeat the Lodge Republican machine, for in this case the promise was made in return for the donation that the donor was to receive a consular appointment. It would seem that some people believed that offices could be purchased, and that Senator Lodge was the man to deliver the goods.

RIVAL REPUBLICAN FARMERS.

Private Secretary Loeb, who is general factotum at Oyster Bay, is a faithful worker for his strenuous chief. He keeps his ear to the ground quite as closely as Mr. Roosevelt does and keeps track of the subterfuges and dodges of the rival Republican statesmen, and does not intend they shall outdo or attract more attention than his master does. This keeps Loeb busy, for the wiley ways of Fairbanks, Cannon, Shaw and the less well known candidates for the Republican nomination for President, require an active and fertile brain to cope with them. Loeb had noticed that farmer Fairbanks had been publishing the fact that he was getting in his hay crop, and not to allow his master to be outdone he descended to subterfuge. He put up a job with Old Noah, who cuts the grass at Sagamore Hill, to await the appearance of a storm before attempting to "put the hay in the barn," and then point out to the President the danger of the hay getting wet unless help was furnished forthwith. Noah's appeal to Mr. Roosevelt was promptly met, and the diplomatic Loeb had the camera man take a snapshot of the President saving his hay, in case some doubting friends of rival candidates should attempt to prove that "Roosevelt is no farmer." Loeb's literary bureau did the rest, and the correspondents were all furnished with manifold copies describing how Teddy got in his hay, b'gosh.

The next move of Fairbanks or Cannon to corral the bucolic vote is awaited with interest.

ADVICE TO YOUNG MEN.

"Young men, keep out of politics," says Senator Platt. That advice would be all right if Senator Platt had said: Keep out of Republican machine politics, which are rotten to the core. Every citizen of a republic should take enough interest in politics to investigate the policies of parties and vote—always vote—according to the result of his investigations. Young men especially should take an interest in politics, for it is upon the young men of today that the government of the republic will rest tomorrow. Some young man of today will be, in a few years, President of this great country, or he will be Senator, or Congressman, or Governor of this State. What would happen if the young men of the country would "keep out of politics?" Young men should investigate how the so-called Republican policy of protection, that Platt and the other Republican leaders stand for, taxes them for the benefit of protected interests. Young men should know why the cost of living is so great—48 per cent higher than when the present tariff law was enacted—and their salaries have not increased in like proportion. Young men should inquire why they are compelled to continue in the employment of others all their lives, instead of as formerly looking forward to be their own masters. It is not to the interest of Senator Platt or the Republican leaders that young men should investigate the plundering system that the Republican party stands for, therefore they say keep out of politics.

Another of Tom Lawson's indictments of the Standard Oil System has been verified by the United States Circuit Court ordering Henry H. Rogers to pay back at least $2,250,000 which the receiver of the Bay State Gas Company alleged was taken from the treasury of that concern by Rogers. This and other drains upon the resources of Rogers will prevent him from being such a liberal contributor to the Rebublican campaign fund in the future as in the past.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucus surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Heroes we have always with us, as well as the poor, the weak and the faint of heart. They are all around us, but we know it not, until some occasion arises that demands heroic action, and in many instances—in most instances—the individual is ready for the occasion. At Miami the other day, some boys were bathing in the river, and one little fellow, aged nine, got beyond his depth and was drawn beneath the swirling waters. Without hesitation his brother, aged seven, dashed to the drowning boy's assistance, and sacrificed his own life in an effort to save his brother. They were buried in one casket, their arms entwined about each other, and the citizens of Miami will erect a monument to the memory of the noble boy who, by laying down his life for another, exemplified that "greater love than which hath no man."—Lakeland News.

The express companies have such a complicated tangle of tariffs under which they have been plundering the public that they have requested of the Interstate Commerce Commission an extension of time in which to prepare rate schedules for publication under the new law. As the express companies have been charging "all the traffic will bear" in most cases, and a little more than it would bear in many transactions, you now have an opportunity to obtain more just charges by appealing to the commission.

Those Latin American countries, which occasionally indulge in revolutions, should remember that Secretary Root, who is now in their vicinity, has the "big stick" with him and a battleship to back it up. This new style of diplomacy has not been ratified by the United States Senate, but anything goes with the present strenuous administration.

Now the President has $25,000 to spend for traveling, the railroad agents are enticing him with all kinds of tales about bears and other game in far distant States. Last year, when they had to carry him on a free pass, they reported but little game, and that very wild and uncome-at-able.

WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I had 'em"—yes—a wiggling, squirming mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remainder (about the same length) of a tapeworm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."

"DRY" SUNDAY IN SAVANNAH.

Few Saloons Open—Case Against Barkeeper Who Pointed Pistol.

Savannah, Ga., July 31.—A member of the police committee of the city council drove over the city Sunday having a look at the saloons. He reported that he was satisfied with the result of his inspection, as but few of the shops seemed to be open and doing business.

Cases were made against two of the saloon keepers. One was made by a policeman, who said he found the place open; another was made by a civilian, who charged the proprietor with pointing a pistol at him. The proprietor claimed the thirsty citizen was trying to force his way into the saloon to get a drank because of the drought that the closing had created, and that it was in resisting this enterprise that the presenting of the weapon was rendered necessary.

All in all, it was the dryest Sunday Savannah has known for some time.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair both. The hair becomes lifeless and in time falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market today.

MANEUVERS HAVE BEGUN.

Summer Encampment Starts With Five Days' Instruction.

Chattanooga, Tenn., July 31.—Monday a five day's programme of instruction began at Camp Chicamauga according to detailed order issued Sunday by General Bubb, commanding. There are now in camp the Twelfth cavalry, Seventeeth infantry, Third and Fourth batteries of artilley, besides large details of three engineer corps, signal corps and hospital departments of the regular army and the First Alabama, Third South Carolina and Seventy-first Virginia regimenets.

The first day's work consisted of company instruction by all organizations, including technical work in the engineer and signal corpse, exemplified by the regulars. Battalion work and squadron drills will be the order for the second day including deployment as skirmishers and pratctice in attack and defense. Wednesday all the forces will be cut in regimental formation, when the technical instruction will become more comprehensive. At night there wil be studies of signal work. Thursday will be devoted to practice outpost duty. There will be surprises and open attacks by calvary and infantry. The militia will be trained in the art of developing a hostile force and like problems presented in warfare. All of this leads up to the last of the five days, when tactical problems are to be solved. On that day the forces are to be divided into two hostile armies. The park, now a marked battlefield, will be the scene of mimic warfare on a large a scale as possible.

Greeks Mobbed by Bulgarians.

At a late hour troops fired blank cartridges at the rioters, but did not succeed in dispersing them. Consternation prevails in the Greek quarter, where serious attacks during the night are feared.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

STEVENSON, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

W. C. DANIEL.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 628, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.

Captain C. A. Neal of Wade, one of the well known phosphate miners, was a business visitor to this city yesterday.

The Atlantic Coast Line offers round-trip tickets, Gainesville to Worthington Springs and return, for 75 cents. Tickets on sale Saturday and Sunday of each week, good returning Monday. This will afford an excellent opportunity to visit this famous resort.

Mr. Weeks, who was born and reared in Columbia county, is now seventy-five years of age, but is as vigorous and active as a man of half the age. David Edelstein, formerly of this city but now making his headquarters in New York, left yesterday for his home, after several days spent here with his brother, Moses Edelstein. His numerous friends here were glad to have him with them again.

F. S. Curl and family of Archer were in the city yesterday. They were en route home from Seabreeze, where they have been enjoying the exhilarating ocean breezes for the past two weeks. Mr. Curl, who had been physically run-down, is a great deal better, and declares he "feels young" again.

Mrs. D. Mc. Phifer has gone to White Springs, having been summoned on account of the illness of her grandson, Master Chas. Flowers. The lad has been suffering from appendicitis, and an operation was necessary. The operation was successful, however, and the patient seems to be getting along nicely from last report.

Major A. H. Blanding of Holder, a valued employe of the Dutton Phosphate Company, was in the city on business yesterday. Major Blanding, who was an adjutant, has recently been promoted to the rank he now holds in the Florida State Troops, Second Infantry. This was quite a compliment, and his friends congratulate him.
